Do you want to sing

Put hands around mouth, then raise them up above head on "sing"

Of the most outrageous thing

Both hands above head, bring to sides making a big circle

It's a treasure that is free,

Palms up, open hands in front offering treasure, open arms to either side

Let's check the map and see that it's possible

Tap temple with finger, put hand above eyes like searching, thumbs up

Do you want to go Where the greatest love is known

March in place, Bring arms to a cross over chest,

We've sailed the sea from head to toe,

Make waves with right hand, point to head, point to toes

But there's one place we know that it's possible

Hold up one finger, point to head, thumbs up!

We could search high

Right hand shielding eyes, then on “high” look up to the sky

(Way up high!)

Right jazz hand up to sky, then left jazz hand up to sky

We could search low

Right hand shielding eyes, then on “low” look down

(Way down low!)

Right jazz hand down to floor, left jazz hand down towards floor

But we'll never find (Never find!)

Wag finger “no,” Shield eyes and swoop L to R, then R to L on echo

The treasure on our own (On our own!)

Hold open palms in front, offering treasure, then point to self with thumbs, and repeat point to self on echo

So we look to the cross,

Shield eyes with right hand, make cross with arms in front,

The cross marks the spot

Keep cross in front with arms, point with R index finger to L palm

The spot for the treasure,

Point with R index finger to L palm, hold open palms in front

The treasure is Jesus

Hold open palms in front, bring both arms out to each side, palms facing front
